Q: What should i do with this Rice (Even Mashed White)? (Broccoli?) I was giving to friends as a dinner guest. I made her a similar meal as usual (mashed white rice and chicken) but I wanted to throw in a broccoli addition as it is good for constipation plus I myself like broccoli in my meals. The problem is she didnt like the dish and kept on talking about the texture and the color. I loved it before but now I'm wondering if what i prepared is not fit for a dinning company. Should i prepare another meal or some other things? Here is the picture of the dish A: I agree with hazmat that your mashed white rice sounds a bit cooked. I think a better option would be cooked or steamed veggies. That said, there is a kind of'melding' between rice and broccoli: they're both sticky and starchy, so they "glue" together. This makes them a pretty amazing, but also a bit weird, combination. People, who don't like rice or broccoli, I feel like I should say: your dish looks like a random pile of things you've thrown together. Personally, I cannot imagine this going well in the hands of a
