Thanks, Stina Sure, I'd love to see more of that, so I'm really glad you liked my work. That's awesome. I'm not sure what comes later, other than I'd like to introduce that character. To be honest, I've been meaning to create a long time. I think the ideas got buried in all my responsibilities. This was mainly done during a mellow phase where I was only concerned with my own projects. I got stuck in a rut for months and it was really annoying. I wanted to bring back the confidence I had lost. Let me know how it goes for you! I'd be happy to help you in some way or another.
